Annual Report on Vaccination in Mysore for the year 1895-96.

No. 4202—MIS. F. 3-97, DATED, CAMP MYSORE, 8TH OCTOBER 1897.

ORDER THEREON.—The total number of persons vaccinated during the year was 106,626 against 101,821 in the previous year, showing an increase of 4,805 or 4·72 per cent. The number of cases of primary vaccination was 102,603, of which 92,991 or 90·63 per cent were successful. The number of re-vaccinated cases was 4,023 against 2,170, the percentage of success being 68·48 against 67·37 in the year previous. The cases of infantile (under one year of age) vaccination numbered 14,928 against 16,856 in 1894-95. Five thousand one hundred and seventy cases were vaccinated by medical subordinates attached to hospitals and dispensaries against 4,353 in 1894-95 and 101,456 cases by the taluk and municipal vaccinators against 97,468 in the year previous. The Deputy Inspectors of Vaccination inspected 194,167 cases against 175,322 in the previous year. Of the total number, 43·34 per cent were found to bear successful marks of vaccination, 22·93 per cent were unprotected cases and 33·73 per cent had small-pox marks against 43·64, 22·88 and 33·48, respectively, in the previous year.

2. The cost of the department excluding the Vaccine Institute was Rs. 19,604 against Rs. 20,327, showing a decrease of Rs. 723. The average cost of each successful case was Rs. 0—3—5·23 against Rs. 0—3—8·35 in 1894-95.

3. There was a somewhat large mortality from small-pox, the number of deaths being 2,853 against 1,740 in the previous year and the ratio per mille of population 0·58 against 0·36.

4. *Vaccine Institute.*—This institution which was opened in March 1892 was able to distribute paste during the year sufficient for 254,412 cases against 187,291 in the year previous. 713 calves were inoculated, of which 111 became useless for various reasons and 60 inoculated only for cultivation of vaccine. The paste obtained from the remaining 542 calves was distributed not only locally but also to the Civil and Military Station and parts of British India and Burmah. The percentage of success in cases of primary vaccination with lanoline vaccine within the province was 94·20 per cent against 94·38 per cent in the previous year, while that outside the province was 93·18 per cent against 95·43 per cent in 1894-95. Six hundred and twenty-seven vaccinated calves were sold during the year.

5. The total cost of maintaining the Vaccine Institute amounted to Rs. 8,827 against Rs. 6,766 in the previous year.

6. It is satisfactory to note that the institution has proved a success both financially and in regard to the effective lanoline vaccine it supplies to the State vaccinators besides those in British India.

READ :—

Letter No. 4257, dated 11th October 1897, from the First Assistant to the Resident in Mysore.

I am directed to forward for information a copy of a circular letter No. 1240-49, dated the 16th ultimo. from the Government of India in the Home Department, regarding the punishment to be inflicted for offences of train-wrecking.

Enclosure to the above.

Circular letter No. 1240-49, dated the 16th September 1897, from the Secretary to the Government of India to Local Governments and Administrations.

The attention of the Government of India has recently been drawn to certain cases of attempts to wreck trains on Indian Railways, in which the sentences inflicted by the Magistracy have not always seemed adequate. In one such case of recent occurrence, a Sub-Divisional Magistrate convicted the accused and sentenced him under Section 128 of the Indian Railways Act to rigorous imprisonment for four months, but the High Court, to whom a motion was made, considered the sentence to be inadequate and enhanced it to two years' rigorous imprisonment.

2. It is, in the opinion of the Governor General in Council, important that the serious nature of such an offence as that of train-wrecking (for which indeed Section 126 of the Indian Railways Act provides a most heavy penalty) should be fully realized, and that in the interests of the safety of the travelling public, the punishments inflicted should be deterrent. His Excellency in Council accordingly trusts that when cases such as that referred to in paragraph 1 of this letter occur, the Local Government or Administration concerned will cause the necessary steps to be taken to secure the award of a proper sentence.

No. 4549—Mis. 857, DATED, BANGALORE, 22ND OCTOBER 1897.

ORDER THEREON.—Ordered that the papers read above be communicated to the Chief Court with the request that the views of the Government of India expressed therein may be intimated to all Magistrates dealing with offences under the Mysore Railway Regulation.

ORDER.—A revised form of Mining Lease is being issued by the Government in the Geological Department, which provides, among other matters, for the payment of Land Revenue assessment at present chargeable on the unoccupied Government lands included in the Lease. EDUCATION.

Proceedings of the Government of Mysore,

READ:—

Letter No. 2327—66, dated 10th September 1897, from the Inspector General of Education in Mysore, submitting for sanction statements of new hands, increases and new schools for 1897-98, the total charge aggregating Rs. 15,203 to be met from State Funds.

2. Docket No. 2488—73, dated 17th September 1897, from the same Officer requesting certain corrections to be made in the statement of new schools submitted with the above letter.

No. CAMP 50-51—Ed. F. 23-96, DATED, MYSORE, 16TH OCTOBER 1897.

ORDER THEREON.—The Inspector General proposes to employ 22 new masters and four menial servants at an annual cost of Rs. 2,268 for Anglo-Vernacular schools and 39 masters and 21 menial servants for Taluk Vernacular schools at an aggregate annual cost of Rs. 4,464. It is explained that the attendance in some of these schools is large and some of the classes, especially the elementary ones, do not, with the present number of teachers, receive that attention which they deserve, and that the employment of passed men is a pressing necessity in the case of several of the Middle schools. Under these circumstances Government are pleased to sanction the additional hands required as shown in Statements I and II appended to these proceedings.

2. The Inspector General recommends increase of salaries of certain masters and mistresses of the Anglo-Vernacular and Vernacular schools at an annual cost of Rs. 3,264. The recommendation rolls include a few masters who have not passed any examination. In the absence of further information regarding the qualifications, length of service since the date of last promotion, and special claims for promotion, if any, of these unpassed men, Government are not disposed to sanction the increase of their pay. The other increases proposed aggregating Rs. 1,668 are sanctioned as per annexed Statements III and IV.

3. The Inspector General brings to notice that there are 12 probationary teachers eligible for promotion from Rs. 5 to Rs. 7 under the provisions of Government Order No. 2918-19—Ed. F. 44-96, dated 28th August 1897, of whom ten have passed the Lower Secondary Examination and the rest have rendered not less than three years' approved service. The increase recommended aggregating Rs. 504 per annum is accordingly sanctioned as specified in Statement V.

4. The pay of 16 peons in certain taluk stations is recommended to be raised by a rupee each on the ground that they have been long in service and that it is found difficult in these places to get efficient men as menials on such low pay as Rs. 5. The increase recommended amounting to Rs. 192 per annum is therefore sanctioned as shown in Statement VI.

5. The Inspector General's last proposal relates to certain new schools for which applications have been received. It is proposed (*a*) to open three Kannada schools for boys in Mulbagal, Kunigal and Shikarpur, one Hindustani school for boys in T. Narsipur, five Kannada schools for girls in Gudibanda, Bagepalli, Sira, Huliyar and Jagalur, five Hindustani schools for girls in Chintamani, Gubbi, Tiptur, Davangere and Sidlaghatta, (*b*) to attach English classes to the Kannada boys' schools in Bagepalli, Mulbagal, Turuvekere, Malvalli, Kunsi, Shikarpur and to the Hindustani school in Mysore, (*c*) to take over under Government management the private Hindustani school in Nazarbad, Mysore, which the present managers are unable to

maintain. These proposals, which entail a cost of Rs. 4,134 per annum as shown in annexed Statement VII, are sanctioned. With regard to the conductress proposed to be entertained for the girls' schools, the Government will defer passing orders pending the submission of the information called for in para 6 of Government Proceedings No. 2918-19—Ed. F. 14-96, dated 28th August 1897, with regard to the population of the places, the strength of the schools and the distance between them and the houses of the pupils.

6. A supplemental grant of Rs. 13,230 will be sanctioned for 1897-98 from the State Funds to meet the cost of these new charges, as shown in the following abstract statement:—

	Particulars	Amount applied for by the Inspector General of Education.	Amount sanctioned.
		Rs.	Rs.
1.	For additional hands for Anglo-Vernacular schools ...	2,268	2,268
2.	Ditto Vernacular schools	4,464	4,464
3.	For increase of pay of masters of Anglo-Vernacular schools.	1,272	912
4.	Ditto Vernacular schools ...	1,992	756
5.	Ditto of probationary teachers.	504	504
6.	Ditto of menial servants ...	192	192
7.	For opening new schools	4,614	4,134
	Total ...	15,306	13,230

7. Government observe that much inconvenience is caused by the late submission of proposals of the kind dealt with above, and the Inspector General is requested to submit his future proposals before the 31st March in each year so as to admit of all such additional charges when sanctioned, being incorporated in the budget for the year to which they relate.

The sanction now accorded will be given effect to from 1st July 1897 in the case of increases of pay, and from the date of entertainment in the case of new hands.

The following Rules have been sanctioned by the Government of Mysore and will come into force from the first term of 1898 in all Government, Aided or other recognised Schools and Colleges in the State (F. A. and B. A. classes excepted).

Admission of Pupils.

No pupil shall be newly admitted to any recognised School or College unless accompanied by his parent or guardian, or at least provided with a letter of application for admission from his parent or guardian. An admission fee, equal in amount to the monthly fee of the class into which admission is sought but not exceeding Re. 1, shall always be charged.

Inter-School Rules.

1. For the purposes of instruction and the admission and discharge of pupils, the year shall be divided for all Government, Aided or recognised Schools and Colleges into two terms, —First Term extending from January to May, Second Term from June to December.

2. No pupil who has already been enrolled for a term at any Government, Aided or other recognised School or College shall be admitted to another during that Term, except on production of a Leaving Certificate granted under Rule 5.

3. No pupil who has previously studied in any Government, Aided or other recognised School or College shall be admitted to another unless he presents a Leaving Certificate from his last School or College showing (*a*) that he has paid all fees due to that School or College, (*b*) the class in which he studied at the time of leaving it, and (*c*) if it is the time when the annual promotions take place whether he has qualified for promotion to a higher class.

4. The Headmaster of the School or College into which a pupil is admitted, shall not place him in any higher class, during the term in which he has been admitted, than the one he would have been in at the School or College he has left. This rule shall not apply to the Lower Primary classes.

5. The Headmaster shall give a Leaving Certificate at any time to a pupil who asks for it for good and sufficient reasons with the approval of his parent or guardian, and shall give such certificate without any inquiry into reasons, if it be asked for with the approval of his parent or guardian at the end of a term, or at the beginning of a term before the latest date fixed for the first payment of the fee.

6. In the event of the Headmaster refusing a Leaving Certificate, the parent or guardian of the pupil shall have the right of appeal to the Inspector General of Education in Mysore, whose decision shall be final.

7. If a pupil is found to have obtained admission by means of a false certificate or false representations of any kind, he shall be summarily dismissed with forfeiture of whatever fees he may have paid.

With reference to your docket No. 3898—Mis. 741, dated 23rd September 1897, and Official Memorandum No. 15214—Mis. 2603, dated 10th June 1897, I have the honor to inform you that, on my visit on the 16th April last to the two Pariah Schools maintained at Chikballapur by Chikka Munappa, Sahukar, and the London Mission, respectively, I found both of them closed. Both the schools were unaided. I spoke to the leading members of the Pariah community, and after careful enquiry into their wishes, it seemed to me that they would probably send their children to the Mission School, if they were left to themselves and were not prohibited by the Sahukar, on whom most of them depend for their livelihood, from attending the Mission school. The Sahukar and Revd. R. A. Hickling were with me at my visit to the Pariah quarters. It was then agreed that the Sahukar should keep his school closed and use no influence against the Mission School, and thus allow a fair chance to the Mission to resuscitate their school. If the Mission School did not recover its lost position before 31st October 1897, I promised the Sahukar and the Pariah community that I would try and give a Government School. This arrangement pleased both parties. I have yet to learn how the Mission School has been prospering after my visit.

JUDICIAL.

Proceedings of the Government of Mysore,

READ :—

Letter No. 4046—173, dated 28th January 1897, from the Registrar of the Chief Court of Mysore requesting the sanction of Government to the proposed holding of the Nundydroog Sessions for the whole division at Bangalore :—

I am directed to state that the Sessions Judge, Nundydroog division, in his letter No. 1311—236, dated 2nd December 1896, (copy of which is enclosed) suggests the advisability of holding sessions for the whole of the Nundydroog division' at Bangalore, instead of the present quarterly circuit sessions at Tumkur and Kolar. The Judges of the Chief Court are in favor of the suggestion for the reasons stated by the Sessions Judge.

2 No inconvenience need be apprehended from Police Officers or witnesses being unduly detained as the provisions of circular letter No. 123, dated 17th December 1895 (copy enclosed), are sufficient to guard against any such inconvenience. Further, there is sufficient accommodation for under-trial prisoners at Bangalore, which is not the case elsewhere—as was very recently experienced at Tumkur—in consequence of which, no less than 20 such prisoners have been sent to Bangalore under the orders of the Inspector General of Prisons, to be sent back to Tumkur when the next sessions are held.

3. I am to request that you will be so good as to obtain the sanction of Government to the above proposal at an early date.

ENCLOSURE.

Letter No. 1311—236, dated 2nd December 1896, from the Sessions Judge, Nundydroog division, to the Registrar of the Chief Court of Mysore :—

I have the honor to submit for the consideration of the Judges of the Chief Court, the question of the advisability of holding sessions for the whole of the Nundydroog division at Bangalore, instead of the present quarterly circuit sessions at Tumkur and Kolar.

2. If I remember rightly, the present system was introduced, because the Chitaldrug District Magistrate represented the inconvenience arising from the prolonged absence of Police Officers from head-quarters, and his reasons no doubt applied to the Nagar division, where communication with Shimoga is slow and tedious; but with the railway running between Tumkur, Kolar and Bangalore, no officer or witness need be detained more than two days at the utmost; while it is really easier to reach Bangalore from some parts of the districts than to travel to their head-quarters.

3. I was forcibly struck with this during the last Kolar sessions, when I tried five cases committed by the Sub-Division Officer, Chikballapur, and the Special Magistrate, Kolar Gold Fields, the parties and witnesses in which could more easily have travelled to Bangalore than to Kolar.

4. The principal object to be gained, however, would be the speedy disposal of sessions cases, and more rapid 'Jail delivery.' Under the present system, accused persons have sometimes to be detained in custody for three months before being acquitted and released by the Sessions Court; whereas, with a regular monthly sessions at Bangalore, no person need be detained pending trial by this court for more than three weeks, and if one week be set apart every month for the holding of sessions for the whole division, cases could speedily be disposed of to the benefit of all concerned.

5. I may also mention that there will be a saving of the batta and travelling allowances now paid to the Sessions Judge, Public Prosecutor and the officials who go out to the places where the circuit sessions are held, though this is, of course, of minor importance.

6. I do not myself see any difficulty in the way of carrying out this proposition, and I therefore submit it for consideration.

(2) Letter No. 1044, dated 16th June 1897, from the Deputy Commissioner, Tumkur district, stating that the course suggested will be of great convenience, so far as the Tumkur district is concerned, and that the accommodation in the District lock-up at Tumkur is so small as to necessitate under-trial prisoners being sent to Bangalore.

(3) Letter No. 5103—1170, dated 24th June 1897, from the Deputy Commissioner, Kolar district stating that by adopting the course suggested, cases will be disposed of every month, thus saving the unavoidable detention of accused in the lock-up, and that he sees no serious objections to the cases of the Kolar district being tried at Bangalore; but observing that the moral effect of trials would be greater when held at the District head-quarters than elsewhere, and that parties, witnesses and the Police have some business or other to attend to at the District head-quarters and so would not look upon the journey to Kolar with disfavor; and recommending, in case the proposal of the District Judge is sanctioned, the grant of batta to witnesses for prosecution in every case.

No. C. 10—12, DATED, CAMP MYSORE, 2ND OCTOBER 1897.

ORDER THEREON.—The recommendation of the Chief Court in favor of the proposal to hold the Nundydroog Criminal Sessions for the whole division at Bangalore, is approved.

No. 4263-73—L. F. 260-96, DATED, BANGALORE, 14TH OCTOBER 1897.

RECEIPTS.

2. The sum of Rs. 1,983 shown under "Receipts" is the contribution levied from the townspeople of Birur for the construction of a musafirkhana at that place. The estimate is approved.

3. The opening balance is proposed to be raised by Rs. 572, so as to make it correspond with the actual balance, Rs. 14,420. The increased estimate will be retained, pending the receipt of information from the Comptroller as to the actual balance on 1st July 1897 according to his accounts.

EXPENDITURE.

4. *A. Public Works to be executed by D. P. W.*—The supplemental grant of Rs. 3,000 proposed under this head is in accordance with Government Proceedings No. 2977—115-96, dated 2nd September 1897, and is accordingly passed; as also the provision tentatively retained in the original budget for increased mileage allotments of the marginally noted roads. There being no provision on account of supervision charges on the additional grant of Rs. 3,000, a sum of Rs. 525 will be entered under the head "III. Establishments."

	Mileage.	Rates.
1. Banavar-Sakrepatna ...	50	60
2. Birur-Ajjampur road ...	50	60

5. *B. Public Works to be executed by Revenue Department.*—The provision of Rs. 724 made under "II. Repairs" is on account of the incomplete works of the previous year and is passed. Under the head of "Establishments," a sum of Rs. 2,500 is entered in the present budget to meet the entire cost of five Work Inspectors and their peons recently sanctioned, instead of Rs. 240 entered in the original budget for the arrears of pay due to the Work Inspector of the Tarikere taluk, for whom no provision was made in the budget for 1895-97. The President's proposal to provide for the total cost of establishments in the District Fund budget cannot be sanctioned, as under the existing orders only 10 per cent of the cost of works carried out from each fund is debitable thereto. Accordingly the provision under this head will be reduced to Rs. 360. It is noted that the Municipal budgets sanctioned in Proceedings No. 1375-8—285-96, dated 24th July 1897, provided Rs. 686 on account of works to be undertaken from Municipal Funds and a further sum of Rs. 1,452 is chargeable to the Local Funds General at 10 per cent on the cost of works to be executed from the grants sanctioned and to be sanctioned from Local Funds General.

	Provision for work.	Rs.	Establishment charges. Rs.
1.	Incomplete works ...	724 ...	120
	Sanitary charges ...	480 ...	
2.	Arrears of pay to the Work Inspector, employed in the Tarikere taluk, during 1896-97		240
		Total ...	360

CIVIL CHARGES.

6. *I. Office Establishment.*—The supplemental grant of Rs. 117 entered under this head is on account of contingencies of the Taluk and District offices and is passed, being in accordance with Proceedings No. 1319-28—108-95, dated 23rd July 1897.

7. *III. Hospitals and Dispensaries.*—The increase of Rs. 298 entered under this head represents the District Fund quota of the charges of the Sakrepatna dispensary, recently *sanctioned by Government, and will be passed. The provision tentatively retained in the original budget for the salaries of compounders will be raised by Rs. 16 to meet the increase of Rs. 2 allowed to the compounder at Birur, that for furniture being reduced from Rs. 120 to Rs. 104.

*Proceedings No. 13976-9—L. F. 163-96, dated 30th June 1897.
Do No. 1448-51—L. F. 163-96, dated 26th July 1897.

8. *Sweepers for Travellers' Bangalos and Musafirkhanas.*—For reasons now explained, the sanction conveyed in Proceedings No. 1182-5—L. F. 95-95, dated 22nd July 1896, for the employment of a watcher to look after the Kotigehar musafirkhana will be withdrawn.

Of the additional provision of Rs. 156 entered under this head, Rs. 72 is on account of the pay of the sweeper for the Kalsa travellers' bangalo, sanctioned in Proceedings No. 13658-9—75-94, dated 24th June 1897, and the balance is for the salary of the watcher proposed †to be employed for the chavadi at Bhundghat. Pending the receipt of information as to the date from which the services of watchers at Koppa and Sollebail will be dispensed with as per Order of Government,‡ the estimate will be retained.

†President's No. 156, dated 16th August 1897.

‡Proceedings No. 3492-99—187-94, dated 16th September 1897.

9. *VI. Conservancy and Sanitary Charges.*—The provision of Rs. 84 under this head is on account of the increase of pay to the sweeper at Hiremagalur, and of the salary of the watcher for the drinking water pond in the same village, sanctioned in Proceedings No. 13952-3—161-94, dated 30th June 1897, and is approved.

10. *IX. Contribution.*—The supplemental grant of Rs. 5,000 is made up of the marginally noted four items and will be sanctioned. The agency by which the construction of the musafirkhanas in question will be carried out should be reported for the information of Government.

		Rs.
1.	District Fund quota payable to D. P. W. on account of the cost of Mudgere dispensary building ...	1,000
2.	Birur musafirkhana	2,000
3.	Sollebail	1,000
4.	Kotigehar	1,000

Correspondence ending with docket No. 349—85, dated 23rd July 1897, from the Deputy Commissioner, Kolar district, stating that the villages of Rajagundlahalli, Matakannasandra and Channaiyagaripalli now attached to the Somayajalupalli hobli of the newly constituted Srinivaspur taluk, may, as prayed for by the raiyats and village officers concerned, be transferred to the Duggasandra hobli of the Mulbagal taluk, as the shanbhogs' charges will not be affected thereby.

2. Letter No. 350—86, dated 23rd July 1897, from the same Officer, stating that there is no objection to the re-transfer to the Sidlaghatta taluk of the villages of Kannamangala, Muttukadahalli and Chintadapi which form one compact shanbhog's charge in the Kaiwara hobli lately transferred to the Chintamani taluk.

3. Correspondence ending with letter No. 306—66, dated 18th July 1897, from the same Officer, suggesting that, in order to render the boundary of the new taluk of Srinivaspur more regular than at present, the first nine of the marginally noted sixteen villages in the Murgamala hobli of the Chintamani taluk, be transferred to the Kasba hobli, and the last seven to the Nelavanki hobli of the Srinivaspur taluk, as the villages formerly belonged to that taluk before its abolition in 1883; and stating that kayamgutta Kariyanpur with its *majre* Upaspur attached to the Kaiwara hobli of the Chintamani taluk, may, as proposed by the Superintendent of Revenue Survey, be transferred to the Jangamkote hobli of the Sidlaghatta taluk.

No. 3384-5—R. F. 91-95-96, DATED, BANGALORE, 4TH OCTOBER 1897.

ORDER THEREON.—On a careful consideration of the representations made by the raiyats and village officers and supported both by the Deputy Commissioner and the Superintendent of Revenue Survey, Government are pleased to sanction the transfers of villages as mentioned in the above, with the observation that Shigalpalya proposed to be transferred from Murgamala hobli of the Chintamani taluk to the Kasba hobli of the Srinivaspur taluk, appears from the map to be a Sarkar village and not a jodi village, as mentioned by the Deputy Commissioner. The jodi village of Shigalpalya or Sigepalli, which is already in the Somayajalupalli hobli of the Srinivaspur taluk, remains unaltered. The following Notification indicating the transfers of villages now sanctioned will be published in the *Gazette* :—

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Superintendent of Revenue Survey in Mysore.

No. 3388-95—R. F. 11-92, DATED, BANGALORE, 4TH OCTOBER 1897.

ORDER.—On an examination of the returns of crop experiments conducted during the year 1896-97, it is found that the total quantity of outturn and the average outturn per acre under "*Rice*" as given in columns 19 and 23, respectively, relate to unhusked rice, *viz.*, paddy and not to rice with its husk removed. As per instructions of the Government of India conveyed in Government Proceedings No. 1675-83—R. 635, dated 12th August 1896, information should have been furnished as regards *husked rice.* The Deputy Commissioners are requested to issue instructions to the Amildars at an early date in view to the particulars relating to *husked rice* being embodied in future returns.

2. No experiment has been made on gram (*cisre arietinum*), *viz.*, Bengal gram as directed in Government Proceedings quoted above, except in one or two taluks, and horse gram has been experimented upon in its place. As the latter crop is grown to a larger extent than that of the former, Deputy Commissioners are requested to have the experiments conducted on both the said crops and the results embodied separately in their future returns.

3. From the remarks made in the returns of some of the districts, it is clear that no experiments were made on 'Til' crop as the harvesting of the crop was over before the instructions issued from this office in regard to the conduct of crop experiments reached the Deputy Commissioners. It is hoped that this crop has been subjected to experiment and will be reported on this year.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

No. 3473-80—R. 1100, DATED, BANGALORE, 6TH OCTOBER 1897.

ORDER.—The Agricultural Statistics for the Mysore State for 1895-96 in Forms A to E (except B superseded) prescribed by the Government of India were forwarded to the Resident in October last. In compiling these statistics from returns received from Deputy Commissioners, there were discovered in the latter several errors which were corrected in the Dewan's office and several points which required notice. These are now embodied in the annexed statements A and B for the information of Deputy Commissioners with suitable remarks and explanations to which the attention of Deputy Commissioners is hereby invited. These statements furnish a measure of the extent to which there is scope for improvement in the careful and correct preparation of statistics to which the Government of Mysore and the Government of India attach considerable importance.

2. For the better preparation of the statistics in question and in supersession of all previous orders on the subject, Government resolve to issue the annexed Memorandum of Instructions for attention and compliance. Future returns should be prepared in accordance therewith, an intelligent Assistant Commissioner in each District (ordinarily the Officer in charge of the District Treasury) being specially selected for this work and his name reported for the information of Government. The Memorandum of Instructions should be studied at once, and any points of doubt or difficulty reported and orders obtained in sufficient time, before the date when the returns are due, to allow of their punctual submission.

Shimoga ...	Table A I, Col. 3, (net area by professional survey.)	2,494,518	2,504,518	+ 10,000	The figure given in the district return is wrong being an error in subtraction. The difference has been added to Column 2 of Table A II in view to the details under Columns 1 to 5 of this table being made to tally with the correct area under Column 3 of Table A I.
Kolar ... The difference being irreconcilable, the area reported by the Conservator has been adopted in this office in the absence of details to explain the discrepancy, and the difference of 89,731 acres deducted from Column 2 "Not available for cultivation" so as to make the entries in Columns 1 and 2 taken together correspond with the extent shown in the Atchkat return under column "Total Paramboke."

The extent to be shown under this column is the Government occupied area plus the extent of minor inams in Government villages as per instructions already issued. Such being the case, the figures furnished by the Deputy Commissioners do not correspond with the correct areas as per Atchkat return. The details are given below :—

	Government occupied area.	Area of minor inams in Government villages.	Total.

Although Column 5 of Table C. under reference should represent the total land revenue of the district excluding irrigation cess merged in wet and garden assessment of Government lands and remissions under defined rules, yet the figures entered in the return received in this office show that the instructions issued in the matter have not been carefully followed. Figures have therefore been adopted in this office as per particulars given below :—

It is hoped that correct entries will be made in future returns.

The amount to be entered under Column 8 is the raiyatwari demand (exclusive of merged irrigation cess and remissions under rules) plus quit rent due on minor inams only, but the figures given in the district returns are incorrect as will be seen from the particulars given below. The correct amounts have therefore been adopted in this office.

Due effect should be given to the said instructions in preparing future returns.

The said difference has been apparently included under the authority conveyed in Government Proceedings No. 2410-18—R. 881, dated 1st September 1896, but it should be eleminated from the column under reference in preparing the table for future years and transferred to Column 3 inasmuch as the Atchkat returns should be revised so as to tally with the areas supplied by the Survey Department.

The reason for the difference is not apparent. The Deputy Commissioner is requested to ascertain hereafter from the Conservator of Forests the correct area of State Forests and Plantations and include it in his return along with the area of District and Village Forests.
Shimoga	Do Column 6 (*c*) Tanks.	1,14,263	This area corresponds with the extent of *wet* lands under occupation irrigable by tanks, as shown in the Nagadiyat return for the year 1895-96. It is, therefore, doubtful whether the entire wet area irrigable by tanks was actually irrigated during the year. It also leads to the inference that none of the garden and sugar-cane lands in the district were irrigated by tank water during the year 1895-96. This point, therefore, requires elucidation.

The Deputy Commissioner explains that this addition was made to the figure given in the said Proceedings on account of certain Inam villages since resumed to Government. This course which is correct should be followed by the Deputy Commissioners of other Districts whenever any Inam or Kayamgutta village is resumed to Government, noting invariably the particulars of such addition in their returns.

The cause of the discrepancies should be accounted for.

It is therefore open to doubt whether the said abnormal increase in the number of estates could be reconciled with a small increase in the number of villages. This point should be explained.
Hassan	Do do	6,783	This figure shows a decrease of 4,011 estates when compared with the number given in the return for 1894-95 while the number of villages has increased by 3,655. The discrepancy should be explained.

This requires explanation.

Explanatory Memorandum on the Annual Agricultural Statistical Returns A to E and instructions for compiling them.

These returns should be compiled in the forms annexed talukwar for the whole District in each District Office from data furnished by Amildars in their annual Jamabandi and other accounts.

2. They relate to the revenue year ending on 30th June, and should be submitted by each Deputy Commissioner on or before the 15th August following.

3. *Table A.*—Table A consists of four sections. Section 1 gives the total area of each taluk, the areas for which statistics are and those for which they are not available being distinguished.

4. (*Table A, Section* 1).—Column 1, shows the gross area as ascertained by the Revenue Survey Department. The figures were communicated to Deputy Commissioners in Government Proceedings of 28th January and 4th and 28th December 1895 and are subject to correction of course according as errors are discovered in re-surveys of tracts.

Column 2 shows the survey areas of alienated tracts (such as jahgir and jodi, sarvamanyam and kayamgutta villages) for which the statistics required for the other sections of the table are not at present forthcoming in whole or in part. As surveys extend and the organization of village statistical establishments develops, the area in this column is reduced and that in Column 3 correspondingly increased.

Column 3 gives the remainder which is dealt with in the other sections of the Table A and includes the area of State Forests and Plantations.

5. *Table A, Section* 2.—The first part of this section deals with the classification of the area shown in the last column of Section 1 and gives the areas—

(*a*) withdrawn from cultivation by inclusion in forests or for some other reason (Columns 1 and 2),
(*b*) cultivable but not yet taken up (Column 3),
(*c*) land occupied but not under crop during the year (Column 4), and
(*d*) the net area under crops (Column 5), *i. e.*, after deduction of the area cropped more than once in the year.

The total of these 5 columns will of course equal the figure shown in Column 3 of A 1.

Column 1, "Forest" means any land classified or administered as forest under the Forest Rules and includes District Forests and State Forests and Plantations, separately mapped. Details of these should be invariably noted at foot of the return.

Column 2 includes land absolutely unfit for cultivation, land reserved as pasture (gomal lands and kavals of sorts,) public topes and Government plantations and also all lands covered by buildings, water, roads, &c., or otherwise devoted to uses other than agriculture. When with due sanction any of these areas are made available for cultivation, they should of course be transferred from this column to Columns 4 and 5.

Column 3 shows the area of assessed unoccupied land.

Columns 4 and 5 show the areas of assessed occupied land not cultivated ("Kabulibanjar") and cultivated, as will appear in the abstract at foot of the Pahani Account (Village Account Form No. 7). Minor Inams in Government villages are included herein. In Mysore, there is no system of fallows properly so called. Column 4 will therefore show land in occupation kept waste from whatever cause.

Column 6 and sub-heads show only the actual area of irrigated land, areas (if any) cropped more than once being reckoned but once.

Column 7 *and sub-heads* should contain the actual area of irrigated crops, areas cropped more than once being counted as separate areas for each crop.

6. *Table A, Section* 3.—The 3rd Section of Table A which is based entirely on the Pahani Account (Village Account Form No. 7) shows the gross cultivated area under each crop irrespective of irrigation and double cropping, the area under the latter being included in the statement but subtracted in Column 32. The area dealt with is that shown in Column 5 of Section A 2. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate should be made by the shanbhog either on his own judgment or according to formulæ which may be hereafter prescribed by Government. The areas comprised in this return are the areas actually sown, whether the crop comes to maturity or not. The failure of the crop, should affect not its area but its out-turn. Where fields owing to the failure of the first sowings have been devoted to other crops, the area sown by the first sowings should be omitted.

The crops to be selected for inclusion in certain heads of this table are as follows :—

3. *Gram* (pulse) should include horse-gram, Bengal-gram, green and black grams.

9. *Other food grains including pulses.*—Samé, harka, navane, avare or ballar, tuvar or togari, tadagani or alasandi, &c.

12. 12 *others* (*Oil-seeds*).—Castor oilseeds, inferior sessamum (hutchallu) ground-nut or nelakadalekayi, hongé, ippe, &c.

13. *Condiments and spices.*—Pepper, cardamom, chillies, cummin seeds, coriander seeds, ginger, mustards, turmeric, onions, garlic, mentya, &c.

18. *Others* (*Fibres*).—Pundi, &c.

20. *Others* (*Dyes*).—Rangumale, &c.

22. *Coffee* should be both malnad and maidan. The area covered by both mature and immature plants should be entered.

28. *Fodder crops.*—Kaki jola, &c.

29. *Orchards and garden produce.*—Mango, apple, figs, plantain, oranges, pomegranates, &c. The area of cocoanut, areca, and betel-leaf gardens should also be included.

30. *Miscellaneous food crops.*—Vegetable gardens, potatoes, &c.

Miscellaneous Non-food Crops.—Mulberry, &c.

7. *Table A, Section* 4.—This table deals with agricultural stock and is based upon the Khaneshumari Account (Village Account Form No. 11). It should include live stock in municipalities for which the Khaneshumari Account should be written up by the shanbhog or a Municipal official. Oxen and buffaloes not old enough for work or to produce young should be treated as "Young stock" in this return.

8. *Table B.*—This is a statement showing the average for the year of the prices current of certain articles, reports of which are now furnished twice a month.

Section 1 relates to Wholesale prices and Section 2 relates to Retail prices in all the districts of the State.

9. *Section* 1.—As to Section 1 (Wholesale prices)—

(*a*) It should cover the same articles and the prices should be collected fortnightly on the same days and by the same staff as for Section 2 (Retail prices).

(*b*) It need not quote a price for an article which is not a staple article of local trade.

(*c*) It need not quote a price for an article in which transactions have not actually taken place.

(*d*) The wholesale prices should be rendered in terms of rupees for a unit of quantity. They should be those paid for quantities of ten maunds of food stuffs, seeds, grass and straw, for a score of sheep, and for a pair of bullocks, the maund being taken to be the equivalent of 82⅔ lbs.

10. *Section* 2.—As to Section 2 (Retail prices)—

(*a*) The remarks, *a*, *b* and *c*, above made in regard to Section 1 are applicable to Section 2 also.

(*b*) The prices quoted should in one column be in terms of seers and chattaks available per rupee (one seer=16 chattaks=80 tolas), and in another column the equivalent value of one seer in annas and pies.

11. *Table C.*—This table indicates the relation between area, population and land revenue or in other words the mean burden of the State assessment on the land assessed to it and on the community at large. The tenure to which this table (for the Mysore State) relates is entirely raiyatwari and the words "area fully assessed" in Columns 3 and 4 mean area on which the "survey kamal or standard assessment" is leviable in full except that the area of minor inams will not be included in the figures to be entered in Column 3 (*a*) inasmuch as a proportionate deduction cannot be made in the corresponding population.

Column 3 (*a*) represents the area of alienated villages plus the area of unoccupied assessed waste land in sarkar villages (head 3 of Table A 2).

Column 3 (*b*) represents the area withdrawn from cultivation and should therefore exhibit the total of the areas shown against headings 1 and 2 of Table A 2.

Column 4 (*a*) exhibits the area of occupied lands (sarkar and minor inam) in Government villages and should therefore equal "Heading 4 + Heading 5" of Table A 2 (current fallows + net area cropped during the year).

Column 4 (*b*) exhibits the area actually cultivated. The figure under heading 5 of Table A 2 will therefore be repeated here.

Column 5 should exhibit the total realisable Land Revenue including Miscellaneous Land Revenue of the whole district for the year after excluding arrears for past years. The figure to be entered here will therefore be that which represents the fixed demand under these heads plus Miscellaneous Land Revenue and minus remissions under defined rules and minus also irrigation cess merged in the assessment as shown in the list appended to Government Proceedings R. 212, dated 30th July 1894.

Columns 6 *and* 11.—The population according to the most recent decennial census will here be entered until further orders (see Proceedings No. 331-9, dated 6th April 1892) subject of course to such alteration as may be necessitated by alteration in the area of "fully assessed land" by the resumption of alienated villages or other causes.

Column 7 to be Column 5 divided by Column 6.

Column 8 to be as in Column 5, but Miscellaneous Land Revenue and Land Revenue on alienated villages to be excluded.

Column 9 to be Column 8 divided by Column 4 (*a*).

Column 10 to be Column 8 divided by Column 4 (*b*).

Column 12 to be Column 8 divided by Column 11.

12. *Table D.*—The form prescribed by the Government of India is intended to show the principal varieties of tenure held direct from Government. For Mysore, (where the prevailing tenure is raiyatwari and the accounts are kept villagewar) the first four Classes and Classes 7 and 8 will be left blank, all raiyatwari holdings will be included in Class 5, and all inams (jahgirs, whole inam and kayamgutta villages and minor inams in sarkar villages) will be entered in Class 6. Leaseholders of gold mines will be shown under Class 9 "Others."

Column 2 (No. of estates) represents practically the number of separate pattas issued or khates recorded in the Land Revenue Register. Two or more estates belonging to the same proprietor, if they are separately recorded in the Revenue Ledgers and form the subjects of separate pattas, will be separately reckoned for this return.

Column 3 (No. of villages) will show the total number of villages, (primary of course) populated and unpopulated, *i. e.*, the areas constituted as villages by the Survey and Settlement Department.

Column 4.—One proprietor may be reckoned twice or oftener as the owner of two or more estates separately recorded according to the number of pattas held by him.

Column 5½.—Between Columns 5 and 6 of the Government of India form, a column numbered 5½ should be opened to show "Gross assessment." This, in the case of raiyatwari lands, will be the survey assessment and water tax, and in the case of alienated lands it will be the combined quit-rent and water rate (if any) payable to Government; in both cases without deducting remissions and other deductions, if any.

13. *Table E.*—This table is intended to show the number of voluntary and compulsory transfers of ownerships of lands and the area so transferred. By "voluntary transfers" are meant transfers made by actual contract or gift. Transfers by inheritance are not to be taken into account, nor non-permanent transfers such as leases, mortgages, &c. Only permanent transfers (for instance by sale or gift) should be included when the parties concerned apply for and obtain transfer of "Revenue registry." These voluntary transfers will be entered in Columns 3 and 5 (Private contract or gift). On the other hand under heading "By order of Court" (Columns 2 and 4) are included—

(*a*) changes of registry under decrees of Civil and Revenue Courts, whether the decrees were passed on disputes regarding title or by reason of debts incurred by the judgment debtors, and

(*b*) all cases in which lands are sold for arrears of revenue due to Government and purchased by private parties. Cases in which lands sold for arrears of revenue due to Government are bought in by Government will be excluded from this Table.

The particulars contained in Columns 2 to 5 should be entered for each taluk opposite to two details under Column 1 "Class of tenure" *viz.*, (*a*) Revenue paying and (*b*) wholly or partially revenue free.

The information contained in Table E will be entirely based upon that *furnished for each village* in Village Account Form No. 9 (Statement of Increase and Decrease) and its enclosure. In Column 48 of the said village account, "Private transfers" and "Transfers by decrease of Civil Courts" are mixed up. But for the purposes of this return and pending revision of the Village Account forms, these details should be obtained separately by special arrangement.

14. *Appendix I.*—This is intended to contain a brief notice of remarkable variations or discrepancies which require explanations between the figures of the year of report and those of the previous year. All differences in excess of ten per cent should (except in cases of ordinary fluctuations in cultivation) be explained. Where general causes sufficiently account for the differences, detailed explanations need not be given.

15. *Appendix II.*—Shows the effect of changes in taluk boundaries and calls for no remarks.

Letter No. 335—257, dated 11th September 1897, from the Deputy Commissioner, Shimoga district, submitting an appeal petition from Shama Rao, shekdar of Mugalagiri hobli in the Shikarpur taluk, complaining that he was not promoted to the 2nd grade under the revised scale although he was entitled to it, and stating that under the revised scale the former Deputy Commissioner seems to have allotted shekdars according to grades to each taluk and regulated the promotions so as to fill up the number from among the men in that taluk and that this arrangement has caused various supersessions and that therefore all the shekdars in a district should be viewed as a single body for future appointments.

No. 3530-7—R. 1103, DATED, BANGALORE, 8th OCTOBER 1897.

ORDER THEREON.—Government observe that the principle on which promotion must have been regulated was that of merit and service and not of the accident of the locality where employed. This principle should be adopted in future.

The Chief Commissioners of the Central Provinces, Assam and Coorg.

The Director General of Railways.
The Accountant General, Public Works Department.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow and Assam.

Simla, the 19th August 1897.

Sir,

I am directed to inform you that several cases have recently arisen in which it has been found necessary to take up land at certain large railway stations in excess of immediate requirements, in order either to provide for foreseen future developments or possible emergencies or for other special reasons in connection with sanitation and the protection of European settlements, and the Government of India have again had under their consideration the question of the disposal of such lands till actually required for the purposes of the railway.

2. I am to say that in connection with a special case formerly under consideration, the Government of India have already decided that it is not advisable to lay down rules concerning the acquisition of such lands, and that each special case should be submitted for the orders of the Government and be considered on its merits, and I am to forward for information a copy of a letter No. 5, R. C., dated 4th January 1892, to the address of the Consulting Engineer to the Government of India for Railways, Lucknow, which expresses their views in this respect.

3. It was further decided that as long as a railway is allowed to retain possession of surplus lands, any returns obtained from such lands, by leasing or utilizing them for other purposes, should be treated as ordinary revenue receipts of the railway.

4. I am now to add that the Government of India consider that if any land so acquired in excess of immediate requirements is clearly not likely to be utilized for the purposes of the railway in the near future, such land should not, unless it has been acquired at the cost of the railway and stands at debit of the capital account, be allowed to remain in the possession of the railway, but should be transferred to the custody of the Revenue authorities, a note being made in the Land Revenue records that the land in question is to be reserved for the use of the railway and is not to be let or sold except on terms of temporary occupation which will not interfere with its being made available for railway purposes on short notice. Any receipts from land so transferred should be brought to account as Land Revenue.

5. The disposal of such land, whether it is to remain in the possession of the Railway or to be made over to the Revenue authorities, should be decided upon in consultation with the Revenue authorities in each particular case.

Document accompanying. Copy of Government of India letter No. 5, R. C., dated 4th January 1892.

Enclosure to the Government of India letter No. 1367, R. C., dated the 19th August 1897.

From the Government of India, Public Works Department, to the Consulting Engineer to the Government of India for Railways, Lucknow, No. 5, R. C., dated 4th January 1892.

I am directed to acknowledge the receipt of your letters marginally noted, regarding the procedure to be observed in the acquisition of land for the Bengal and North Western Railway and Tirhoot State Railway, and asking for orders on the following points:—

No. 4106, dated 17th November 1891
No 4300, dated 4th December 1891.

(i) Whether Government approve of the principle of taking up land in excess of actual requirements; and

(ii) how rents derived from excess land in the possession of a railway should be dealt with.

2. In reply, I am to say that, while as a general rule the Government of India is opposed to the acquisition of land beyond immediate requirements, each case should be considered and decided on its merits; and secondly that, as regards rents, as long as a railway is allowed to keep possession of any surplus lands, there is no objection to treat any returns obtained from such lands as ordinary revenue receipts of the railway.

3. With regard to the specific cases of land required at Gorakhpur for the Bengal and North Western Railway and at Muzaffarpore for the Tirhoot State Railway, I am to say that each should be submitted separately with sufficient particulars to enable Government to arrive at a decision; and I am accordingly to return the plans received with your letter No. 4106, dated 17th November 1891, for that purpose.

No 3566-74—R. 1123, DATED, BANGALORE, 15TH OCTOBER 1897.

No. 3890-923—R. 1217, DATED, BANGALORE, 30TH OCTOBER 1897.

ORDER THEREON.—In modification of the orders issued in Government Circular No. 1044-74—29, dated 10th May 1898, requiring the Deputy Commissioners of Districts and the Heads of Departments to submit annually lists of candidates eligible for Amildari, Government are pleased to lay down the following instructions for guidance in selecting candidates for inclusion in the list referred to.

2. For Amildari, the mere passing of the prescribed tests should not entitle an official to be entered in the list. His character, conduct and general aptitude for the important executive and active duties of the responsible head of a taluk must be carefully considered. His pay should not ordinarily be less than that of a Deputy Amildar, who always has the first claim for promotion to an Amildari. But, if the Deputy Commissioner or the Head of the Department concerned considers that an official whose pay *is not less than* Rs. 70 is deserving of exceptional treatment on account of his eligibility, qualifications and claims, his name may also be included in the list.

3. Likewise for Deputy Amildari, the pay of the officials selected must not be less than Rs. 70, which is the pay of a Revenue Probationer who is entitled to preferential consideration. Taluk Sheristadars and Police Inspectors may also be included in the list if they have qualified themselves by passing the prescribed examinations and are in the opinion of their superiors fit to be promoted to the responsible positions of Amildars and Deputy Amildars. In exceptional cases, the names of officials drawing Rs. 50 and upwards may be entered in this list.

4. A register of all the officials who have passed the Local Service Examinations should, however, be maintained in every office, as such a record will be absolutely necessary to regulate their promotions.

5. The list should be submitted every year so as to reach this office at the end of May.

Proceedings of the Government of Mysore,

READ :—

Letter No. 1832—500, dated 13th September 1897, from the Comptroller to the Government of Mysore.

I have the honor to report that the securities held by the Mysore Government on account of the contract for the manufacture of arrack for the Mysore Province by Messrs. Parry & Co., have been returned to that Firm through the Excise Commissioner on the termination of the contract. This security, which was in the shape of Government of India Promissory Notes of the nominal value of Rs. 30,000 was lodged in the Bank of Madras, Madras, for safe custody as required by standing orders. The Bank on returning the Promissory Notes in question charged a withdrawal fee of Rs. 75 at ¼ per cent on the nominal value of the bonds. The Excise Commissioner was, in my letter No. 553—156, dated 20—23rd July 1897, called upon to recover the amount from Messrs. Parry & Co., but they declined in letter, dated 18th August 1897, to the Excise Commissioner (copy enclosed) to pay the amount on the plea that as the paper was deposited with the Bank of Madras to suit our convenience, they fail to see that we have any claim on them for the amount of withdrawal fee charged by the Bank. This matter was mooted by me and order passed in Government Proceedings No. 2367-75—G. F. 83-93, dated 8—10th August 1894, in the case of Treasurers of District Treasuries and I beg that the same may be made applicable to all securities held by the Mysore Government in trust on account of officials and contractors and instructions sent to Heads of Offices to insert this condition on the security bonds given by them.

In the present instance I doubt as to whether the demand can be maintained as Messrs. Parry & Co. were not made aware of the same either by insertion of it in their security bond or in the Notification calling for tenders for the contract. The amount may be ordered to be debited to the Excise Department contingencies.

Enclosure.

Messrs. Parry & Co's. letter, dated 18th August 1897, to the Excise Commissioner.

With reference to your Memo of 23rd ultimo asking us to pay the Bank of Madras Rs. 75 for withdrawal fee at ¼ per cent on Government paper for Rs. 30,000 deposited by us with you on account of our Mysore Abkari contract, we beg to point out that as the paper in question was deposited by you with the Bank of Madras to suit your own arrangements, we fail to see that you have any claim on us for the amount of withdrawal fee charged by the Bank.

No. 3493-527—FL. 309, DATED, BANGALORE, 7TH OCTOBER 1897.

ORDER THEREON.—Under the circumstances stated, Government are pleased to approve of the suggestion made by the Comptroller and to direct that a condition be inserted as therein proposed, in the security bonds that may be executed hereafter by officials or contractors. The withdrawal fee of Rs. 75 in question charged by the Madras Bank will be debited to the contingencies of the Excise Department.

Letter No. 110, dated 2nd October 1897, from the Inspector of Agricultural Banks in Mysore, submitting a memo on his inspection of the Sri Keswaswami Agricultural Bank at Vadagenhalli, Devanhalli taluk, and proposing that it may be ruled that the operations of each Bank should be confined to the villages situated within one taluk, and that no property situate outside the limits mentioned in para 3 of the Memorandum of Association be taken as security for the loans granted to the members of the Bank.

No. 3865—R. F. 111-95, DATED, BANGALORE, 29TH OCTOBER 1897.

ORDER THEREON.—Government agree that, as a rule, no Bank should extend its operations beyond the taluk in which it is situate, and that property situate in another taluk should not be accepted as security without sufficient scrutiny. This may be explained to the people by the Inspector. No alteration of the form of the Articles of Association seems, however, necessary.

Proceedings of the Government of Mysore.

1. Petition of Appeal No. 104 of 1896-97, presented by Ranga (Ranganna), son of Gaviranga of Hettenahalli, Tumkur taluk, against the decrees of the Deputy Commissioner of Tumkur in Revenue Appeals Nos. 4 and 7 of 1896-97 on the file of his Court, dismissing the appeal of Ranga and modifying the decree of the Extra Assistant Commissioner of the district in Revenue Suit No. 8* of 1895-96, regarding the pateli of Hettenahalli.

* Plaintiffs.	*versus.*	Defendants.
1. Ranga.		1. Akkamma.
2. Timmegauda.		2. Ranganna.
3. Muddegauda, minors by guardian and mother, Timmakka.		

2. Records of the case received with letter No. 875, dated 23rd April 1897, from the Deputy Commissioner, Tumkur district.

No. 3727-34—Pet. 530, DATED, BANGALORE, 22ND OCTOBER 1897.

ORDER THEREON.—For the purposes of this suit it is unnecessary to go beyond Sambugauda's son Muddegauda, the last holder. When he died leaving no issue, the succession devolved upon his brother's widow Akkamma, as, under clause (*b*) of para 5 of Section XLIII of the Land Revenue Rules, the eligibility of sonless widows, whether of last office-holders or of their heirs, for such succession is admitted. The transfer of the registry in her name was not wrong, and the petition said to have been presented by Ranganna, father of the plaintiffs, does not affect it. Ranganna, appellant, was appointed her gumasta.

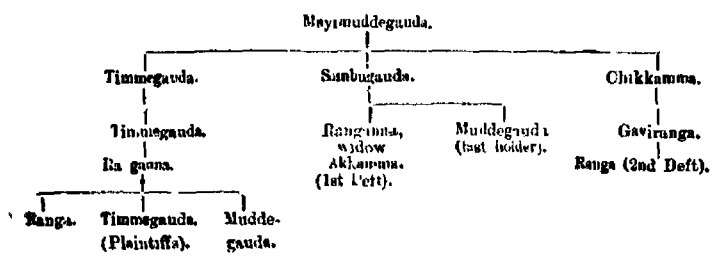
2. The plaintiffs chose to file this suit against the widow to contest her right and brought the second defendant who is the appellant before Government, also on record.

3. The first defendant admitted the plaintiffs' right, but the 2nd defendant set up his own title. He was not heard by the Deputy Commissioner, on the ground that he had not brought a suit himself and that he could not be allowed to establish his claim in a suit brought by the plaintiffs. The 2nd defendant's appeal to Government is to contest this view of the case.

4. The view taken by the Deputy Commissioner seems to be erroneous. The 2nd defendant was in possession of the right. The 1st defendant, for and on account of, whom he was holding it admitted that she had no right to it. The question of succession is one of law and not dependent upon her opinion of it. Her consent to a decree in favor of the plaintiffs ought not to affect the 2nd defendant. He disputed the right of the plaintiffs to succeed in preference to himself who was in possession, and the question at issue between them was whether the plaintiffs were entitled to oust the 2nd defendant from his possession of the pateli office. Unless the plaintiffs could show a stronger title than the 2nd defendant, they would not be entitled to a decree. The real parties to the suit were therefore the plaintiffs and the 2nd defendant, and the real matter in issue between them was, as between them, who was the nearer heir. It is not necessary that to obtain this adjudication the 2nd defendant should file another suit, and possibly such a course would be fatal to his case under the rules of *res judicata*.

5. It is possible to object to the appellants' contention on the ground that, at the best, he is only a reversioner and is not entitled to the right during the lifetime of Akkamma, the 1st defendant. But she has surrendered her right to the plaintiffs and this conduct of hers is highly detrimental to the 2nd defendant's interest. There can be no doubt that, under the circumstances, he is entitled to ask for a declaration of his right, and in this view also the question whether the plaintiffs or the 2nd defendant has the preferential right is relevant to this suit, and is a necessary point for investigation and decision on it.

6. Taking Akkamma as the last holder it is clear that upon her death the succession devolves upon her predecessor's heirs. This is Muddegauda, and in the absence of descendants, the line of succession ascends. Father Sambugauda's descendants have been exhausted with Akkamma and the line ascends to the grand-father Mayimuddegauda and "descends to his issue to the third degree—that is to say—so far as the issue of each ancestor are his sapindas, they are also the sapindas of the owner with whom they are connected with the ancestor," (Mayne's Hindu Law, 4th Edition, 633, Article 529). This being the view of the law, a reference to the Geneological tree in the margin, shows that the 2nd defendant is issue of Mayimuddegauda in the 3rd degree, while the plaintiffs are removed a degree further and are excluded from the heirship altogether. As between the plaintiffs and the 2nd defendant, therefore, the former have no right whatever to disturb the latter, and their suit must therefore be dismissed.



7. The result is that the Deputy Commissioner's order is reversed, and it is directed that the registry remain in the name of the 1st defendant during her lifetime, and the 2nd defendant declared heir after her death as against the plaintiffs.
